## Robert A. Miller PSP, CSI, CDT

A Perimeter Security Consultant with a demonstrated history of success working in the perimeter security industry. With over 35 years' experience, I offer proactive insight into physical security solutions that are needed in today's challenging world. Hands-on experience both in the office and in the field provide me the ability to professionally guide those looking to secure their perimeter by assessing the vulnerability of their site and determining the correct products and design layout relative to their needs. My credentials lend to bridge the gaps from designer to manufacturer to installer. I am committed to lifelong learning to ensure that the latest trends and standards of the industry are being utilized to insure a complete and effective perimeter security solution.

## Areas of Expertise
